User manual

EXTERNAL ENCLOSURE M.2 - NVMe

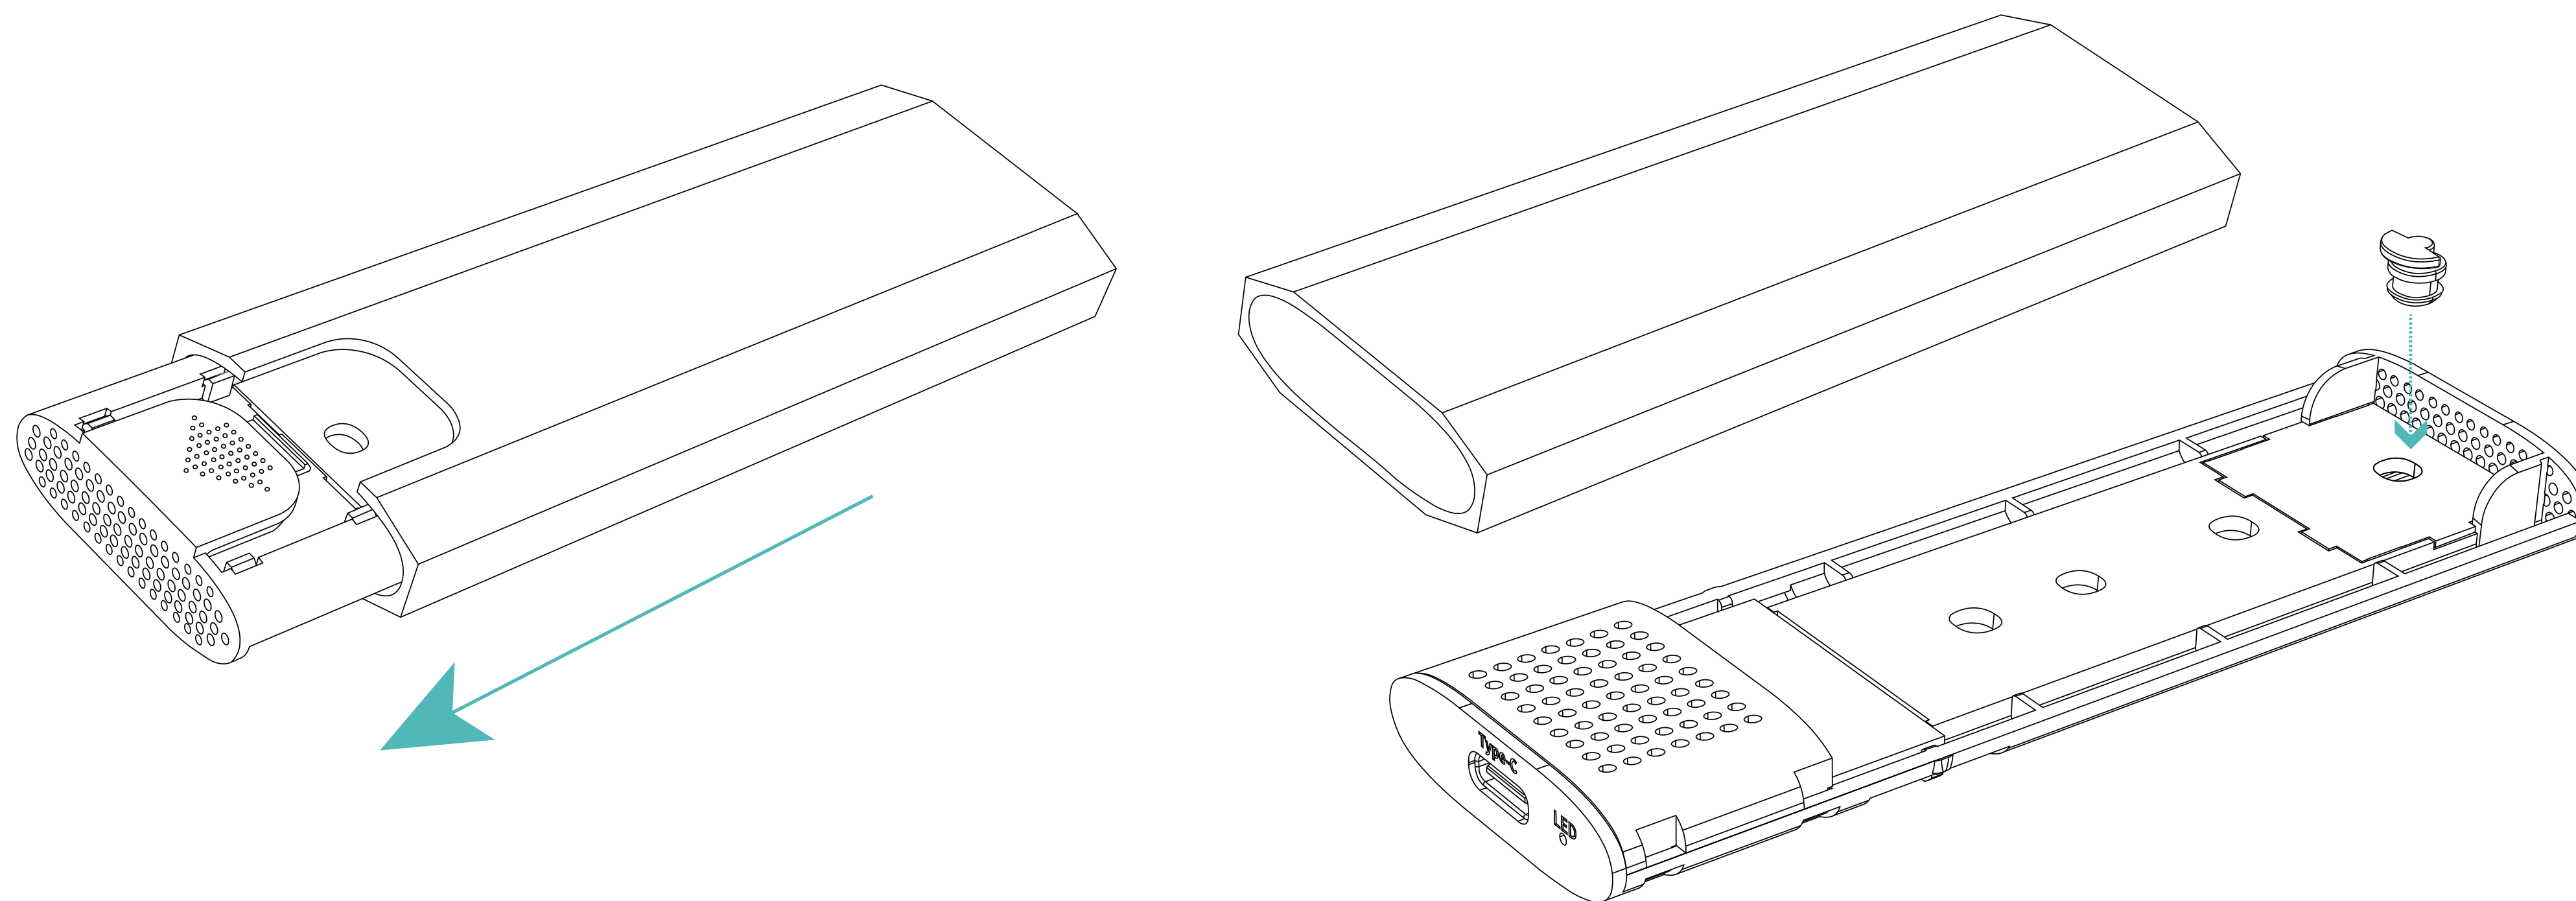

Features of the external case

- 1 x USB-C 3.1 Gen2 power port
- 1 x PCI-Express slot for M.2 2230/2242/2260/2280 drives
- Supports NVMe drives *Not compatible with SATA NGFF
- Maximum data transfer speed: 10Gbps
- Compatible operating systems: Windows, Linux and Mac
- LED status indicator
- Plug & Play device without the need to install drivers.

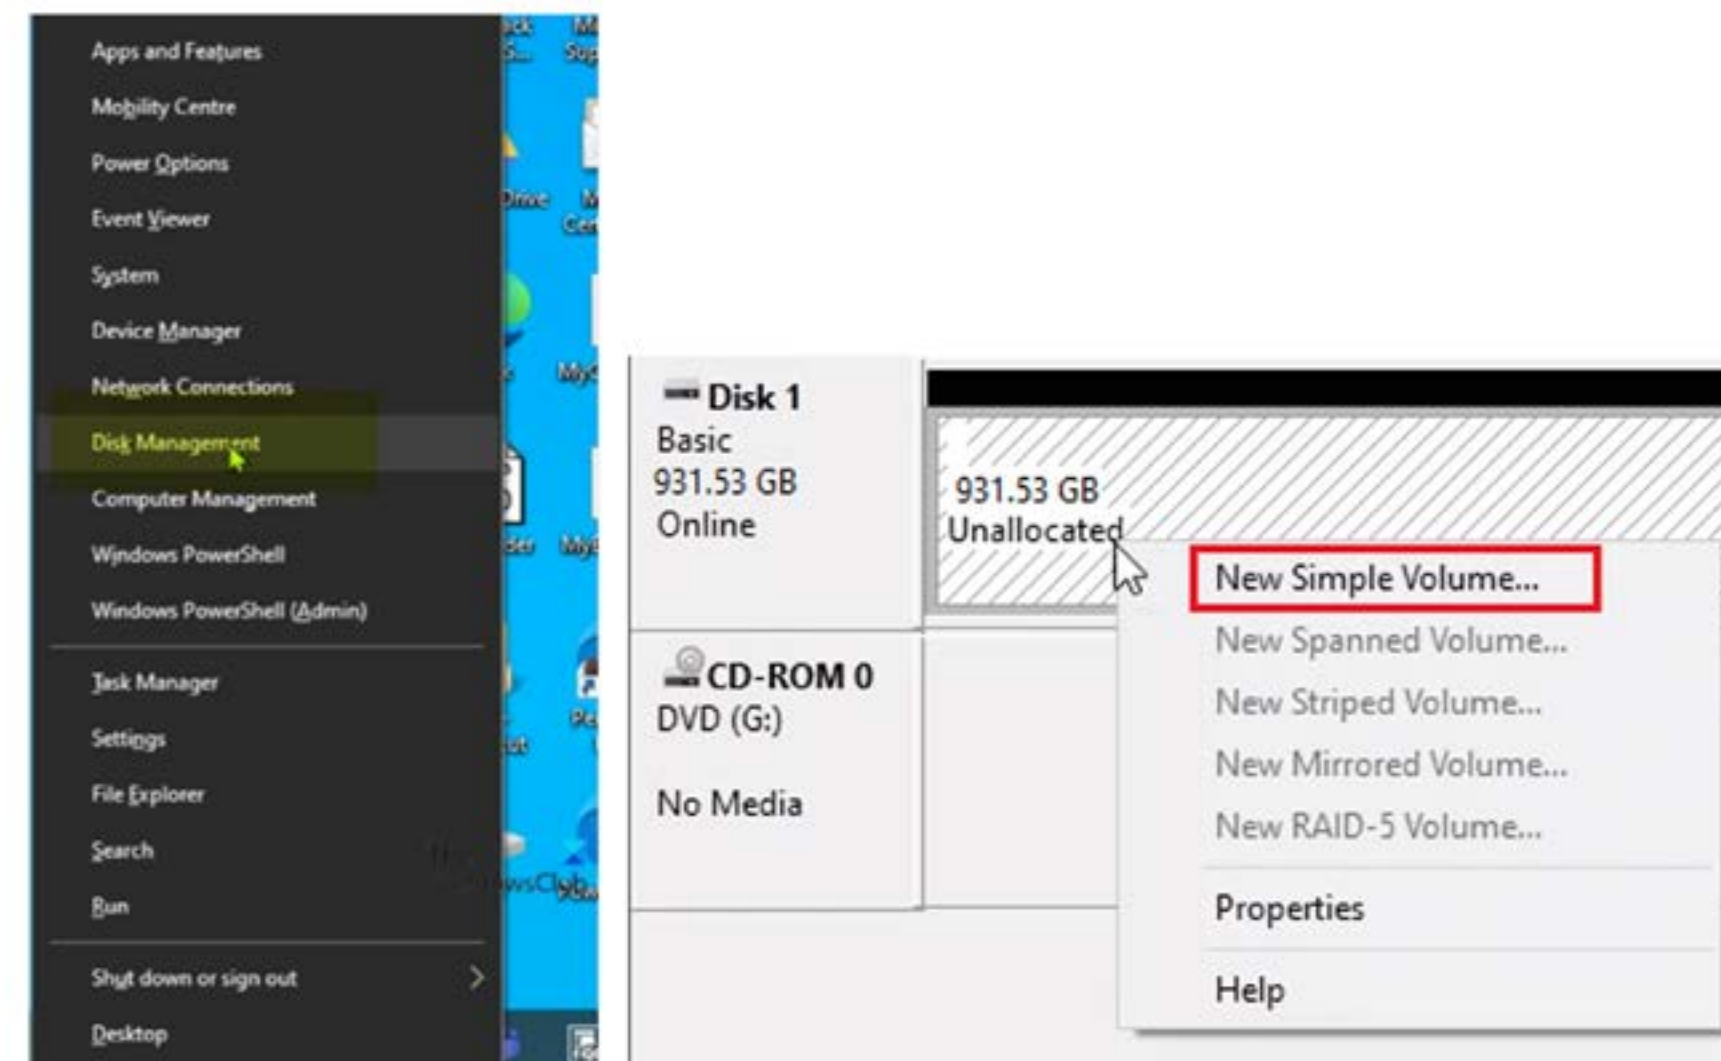

How it works

- Remove the controller from the external case by sliding it in the direction of the arrow.

Funcionamiento

- Place the M.2 drive and carefully insert it into the controller's PCI-E port.
- Secure the drive with the rubber piece and slide the controller back into the external case.
- Connect the device to the PC via USB-C without installing drivers. Verify that the drive is correctly detected in Disk Management. If the drive is new and does not appear, it may require formatting. For example, in Windows: Disk Management > Right-click the drive > New Volume.

Warranty information

Since January 1 2022, TooQ offers a 3-year warranty from the time of purchase, so it will always keep the purchase ticket or invoice containing the date of purchase. The distributor or retailer from whom you purchased the product will attend to your claim and offer technical service while the warranty is in force.

Out of warranty

The warranty does not cover damage or defects caused to the external enclosure due to:

- Not following the user manual.
- Modifications or alterations of any kind.
- High and low temperatures, humidity or contact with liquids.
- Worn and scratches caused by daily use.
- Use the product with any other device which is not the one indicated for its use. The warranty does not cover damage or defects caused to the hard drive by improper use of the hard drive or the external enclosure.
