

TQE-2240B

User manual

SSD M.2 STORAGE ENCLOSURE - SATA (NGFF) / NVMe

Features of the external case

- 1 x USB-C 3.2 Gen2 power connector.
- 1 x USB-A 3.1 Gen1 power connector.
- 1 x PCI-Express port for M.2 2230/2242/2260/2280 drives.
- Supports both NVMe and SATA NGFF drives.
- Maximum speed: USB-A: 5Gbps / USB-C: 10Gbps.
- Compatible operating systems: Windows, Linux, and Mac.
- LED status indicator.
- Plug & Play device, no drivers required.

How it works

1. Remove the device controller from the USB-A port.
2. Place the silicone pad on the M.2 drive and carefully insert the drive into the controller port.
3. Secure the drive with the rubber fastener, slide the controller back into the housing, and secure the plastic piece with the two screws.
4. Connect the device to your PC (no drivers needed). Verify that the drive is correctly detected in Disk Management. If the drive is new and does not appear, it must be formatted. For example, on Windows: Disk Management > Right-click the drive > New Simple Volume.

Warranty information

Since January 1 2022, TooQ offers a 3-year warranty from the time of purchase, so it will always keep the purchase ticket or invoice containing the date of purchase. The distributor or retailer from whom you purchased the product will attend to your claim and offer technical service while the warranty is in force.

Out of warranty

The warranty does not cover damage or defects caused to the external enclosure due to:

- Not following the user manual.
- Modifications or alterations of any kind.
- High and low temperatures, humidity or contact with liquids.
- Worn and scratches caused by daily use.
- Use the product with any other device which is not the one indicated for its use. The warranty does not cover damage or defects caused to the hard drive by improper use of the hard drive or the external enclosure.
