***Note:** You do not have to use all the pieces.

Before installation

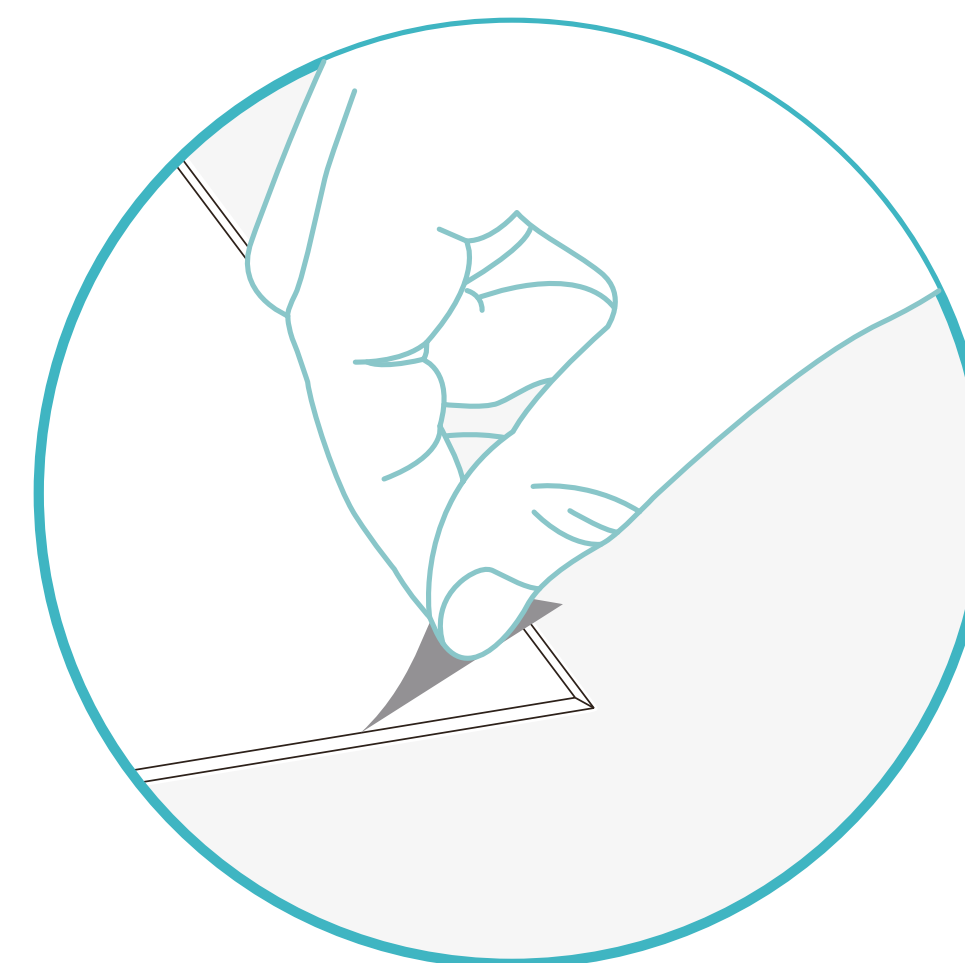

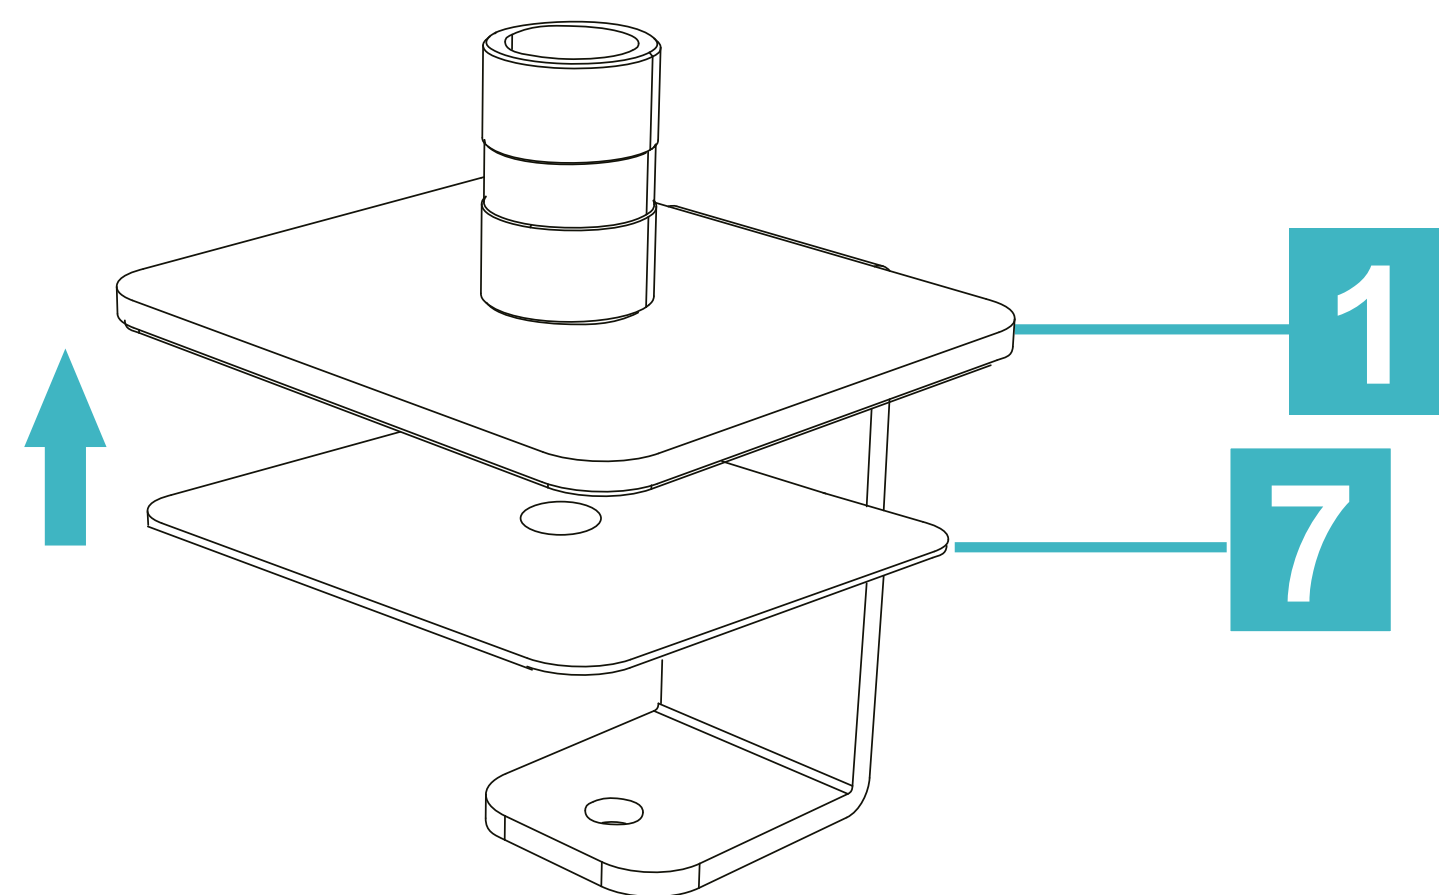

- Read the instruction manual, if you are in any doubt about the instructions or warnings, contact your local dealer.
- Make sure you have received all parts according to the components checklist for installation. If any parts are missing or defective, please contact your local distributor.

- Installation of heavier products may result in instability and possible personal injury.
- The brackets must be assembled as specified in the assembly instructions. Incorrect installation may result in product failure and serious personal injury.
- Proper safety equipment and tools must be used. This product should only be installed by professionals.
- Ensure that the mounting surface can safely support the total weight of the equipment and all its components.
- Use the supplied mounting screws and DO NOT OVERTIGHTEN THEM.
- This product contains small parts that could be a choking hazard if swallowed.
- Keep these products away from children. This product is intended for indoor use only. Outdoor use will not only damage the product but may also cause personal injury.
- Please refer to the product warranty [here](#).

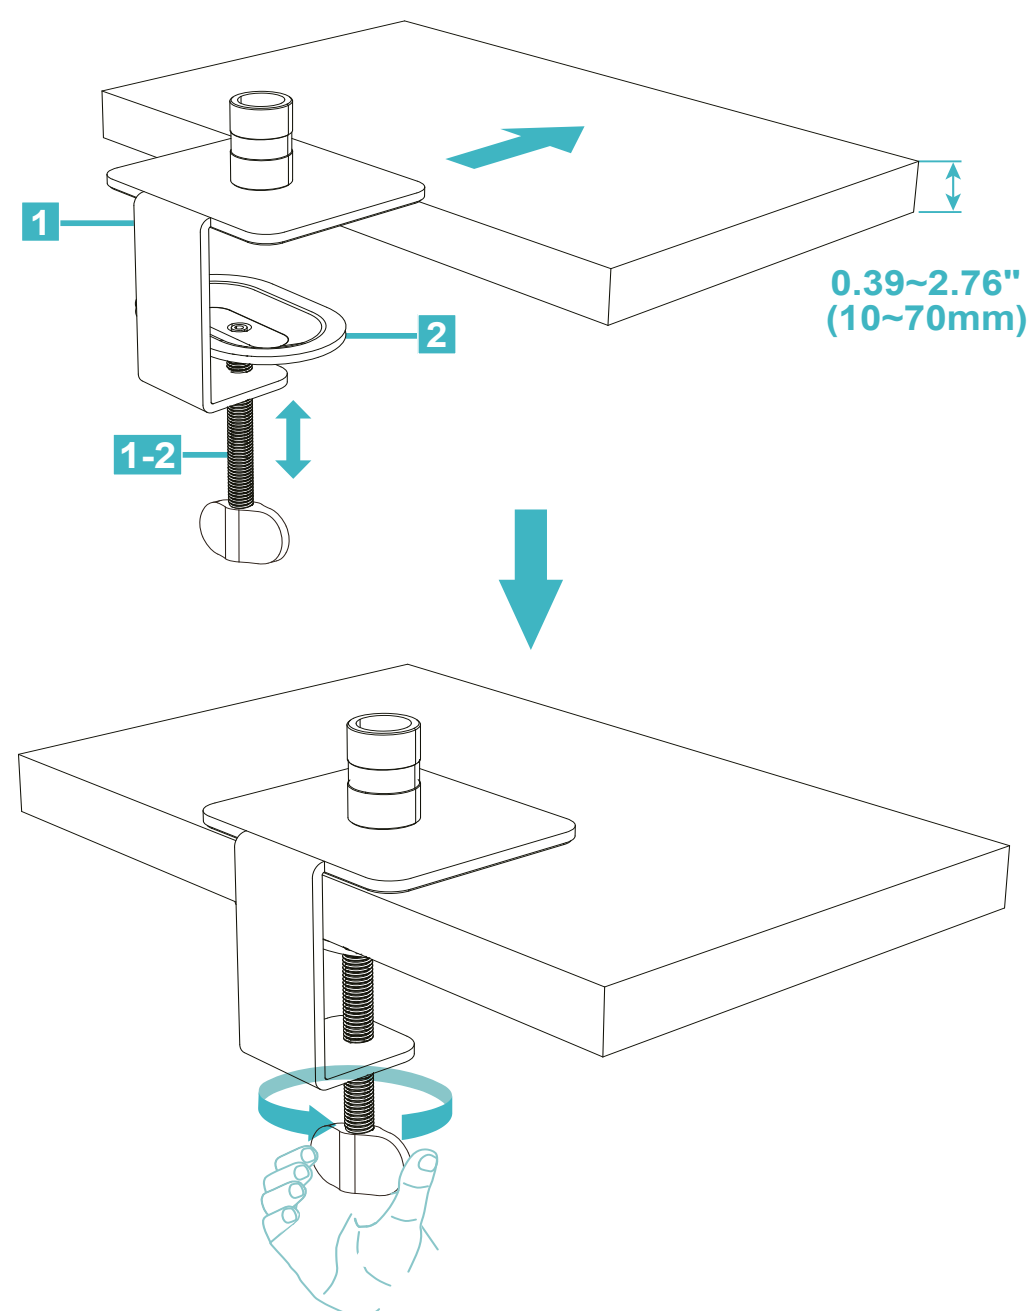

Base installation

Retire el adhesivo de la almohadilla antideslizante (7) y péguela en la cara de la Base (1) que entra en contacto con el escritorio.

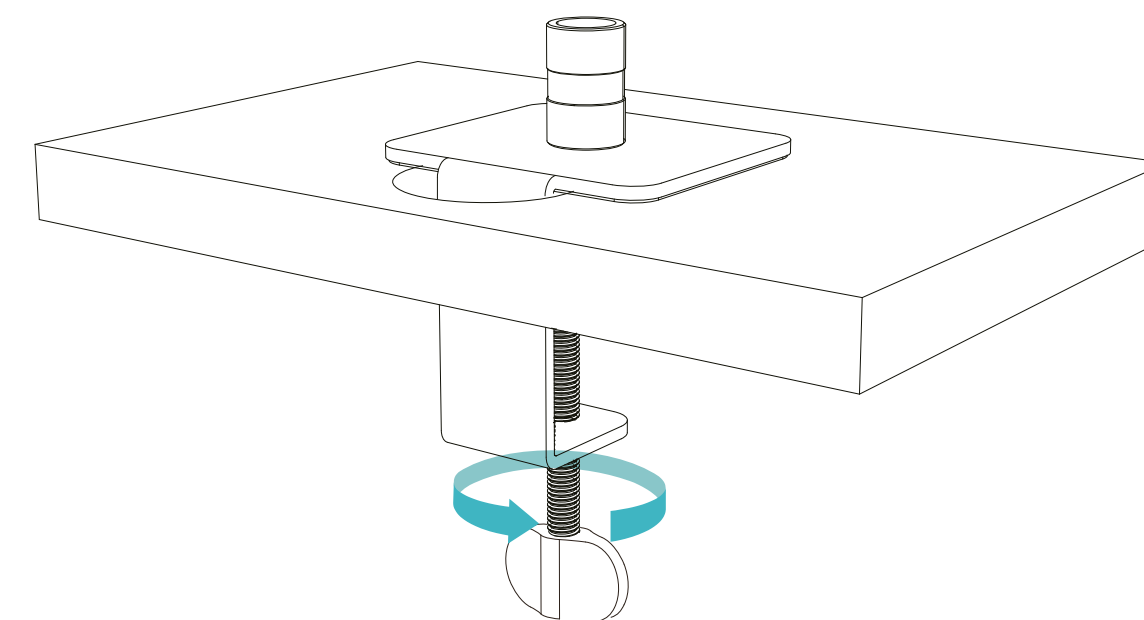

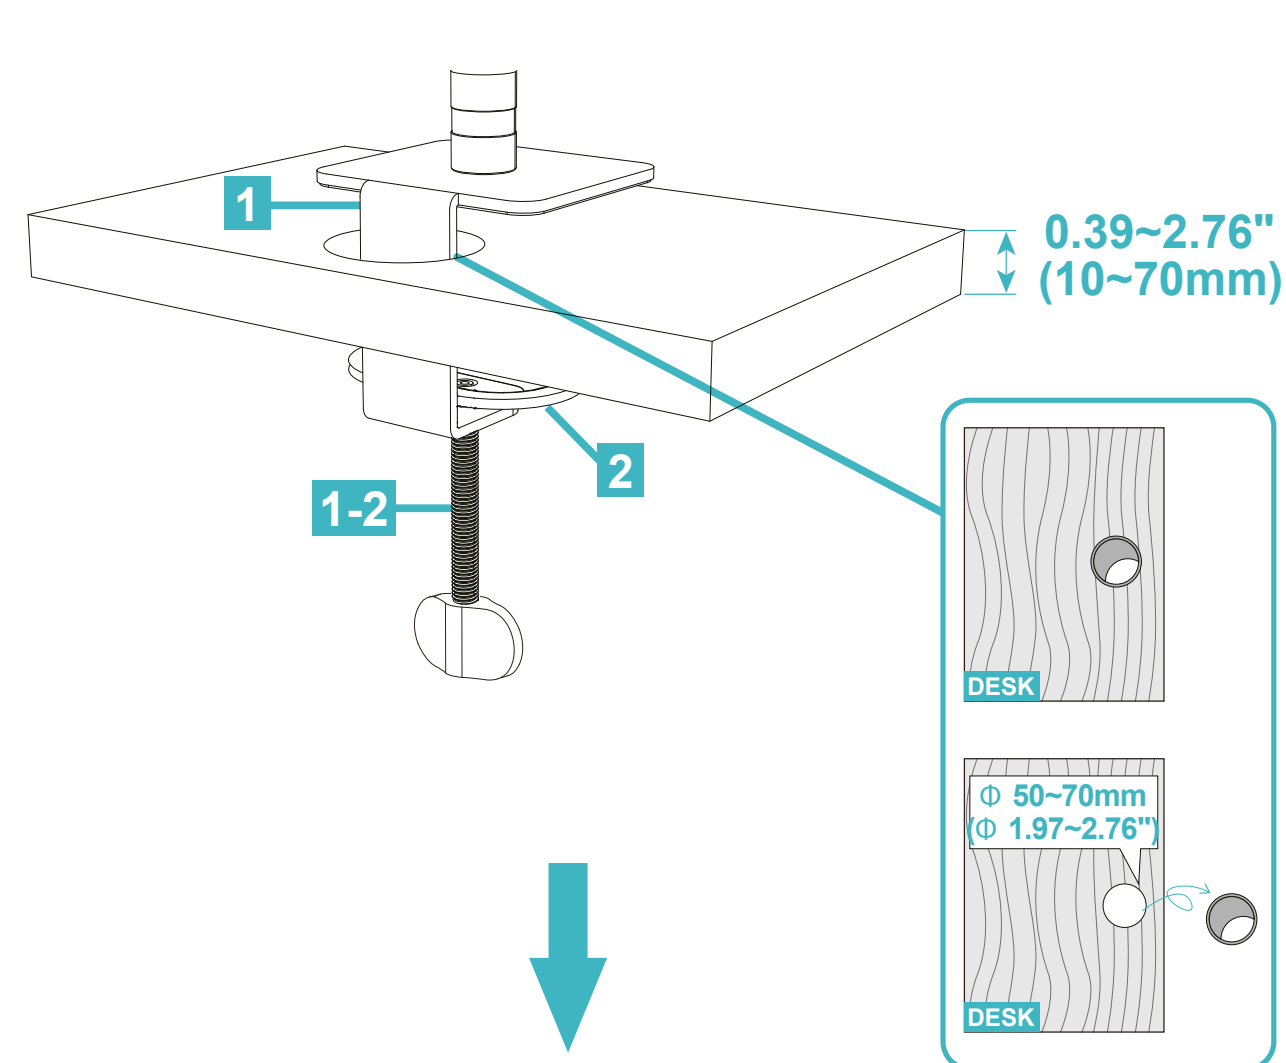

Base installation

Slide the hole in the center of the Clamping Plate (2) over the top of the Thumb Screw (1-2), then clamp the Base (1) to the edge of the desk and tighten the Thumb Screw (1-2).

**2a**

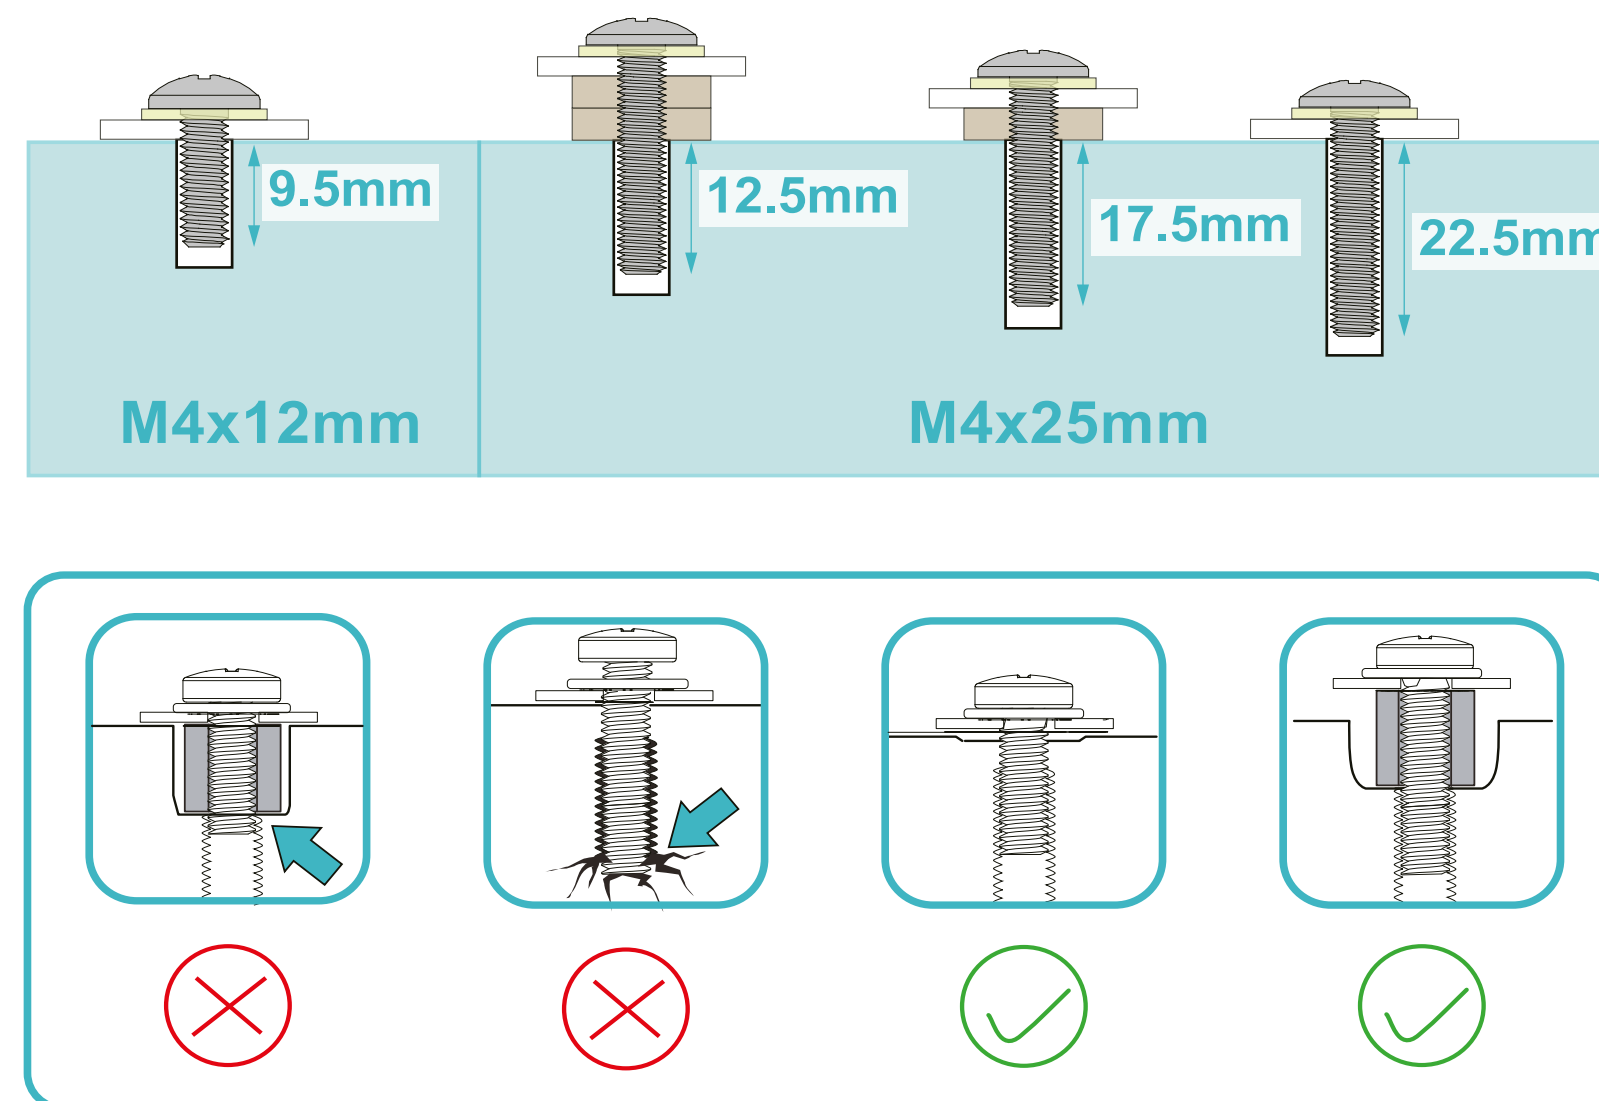

Base installation

Unscrew the Thumb Screw (1-2) counterclockwise from the Base (1), pass the lower end of the Base (1-1) through the cable hole on the desk, then screw the Thumb Screw (1-2) clockwise into the Base (1-1) from under the desk, slide the hole in the center of the Clamping Plate (2) onto the Thumb Screw (1-2), and finally tighten the Thumb Screw (1-2).

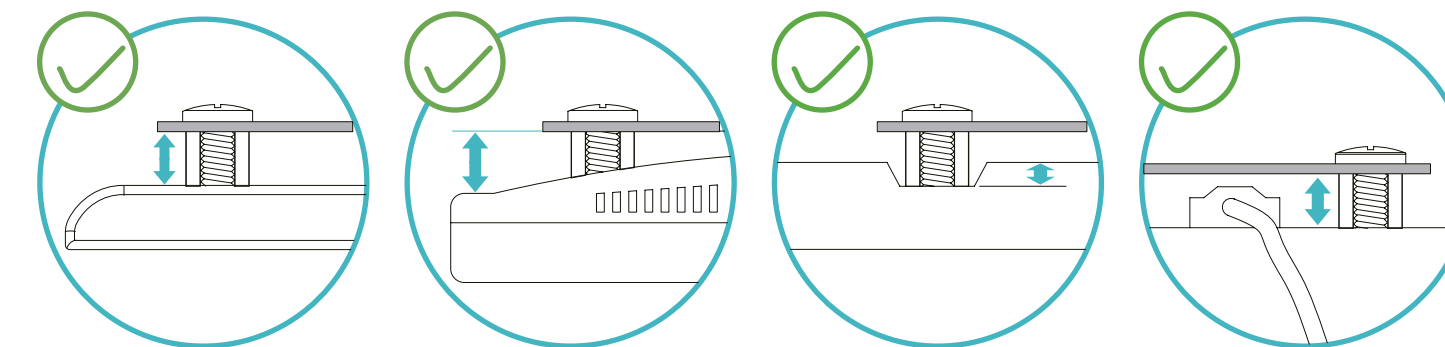

2b

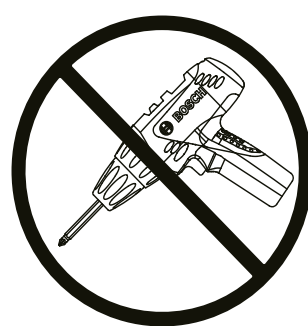

Attach VES Plate to Monitor

Which Situation Needs Spacers? If the screw is too long or the surface is uneven, please choose the appropriate screws, washers, and spacers for your monitor.

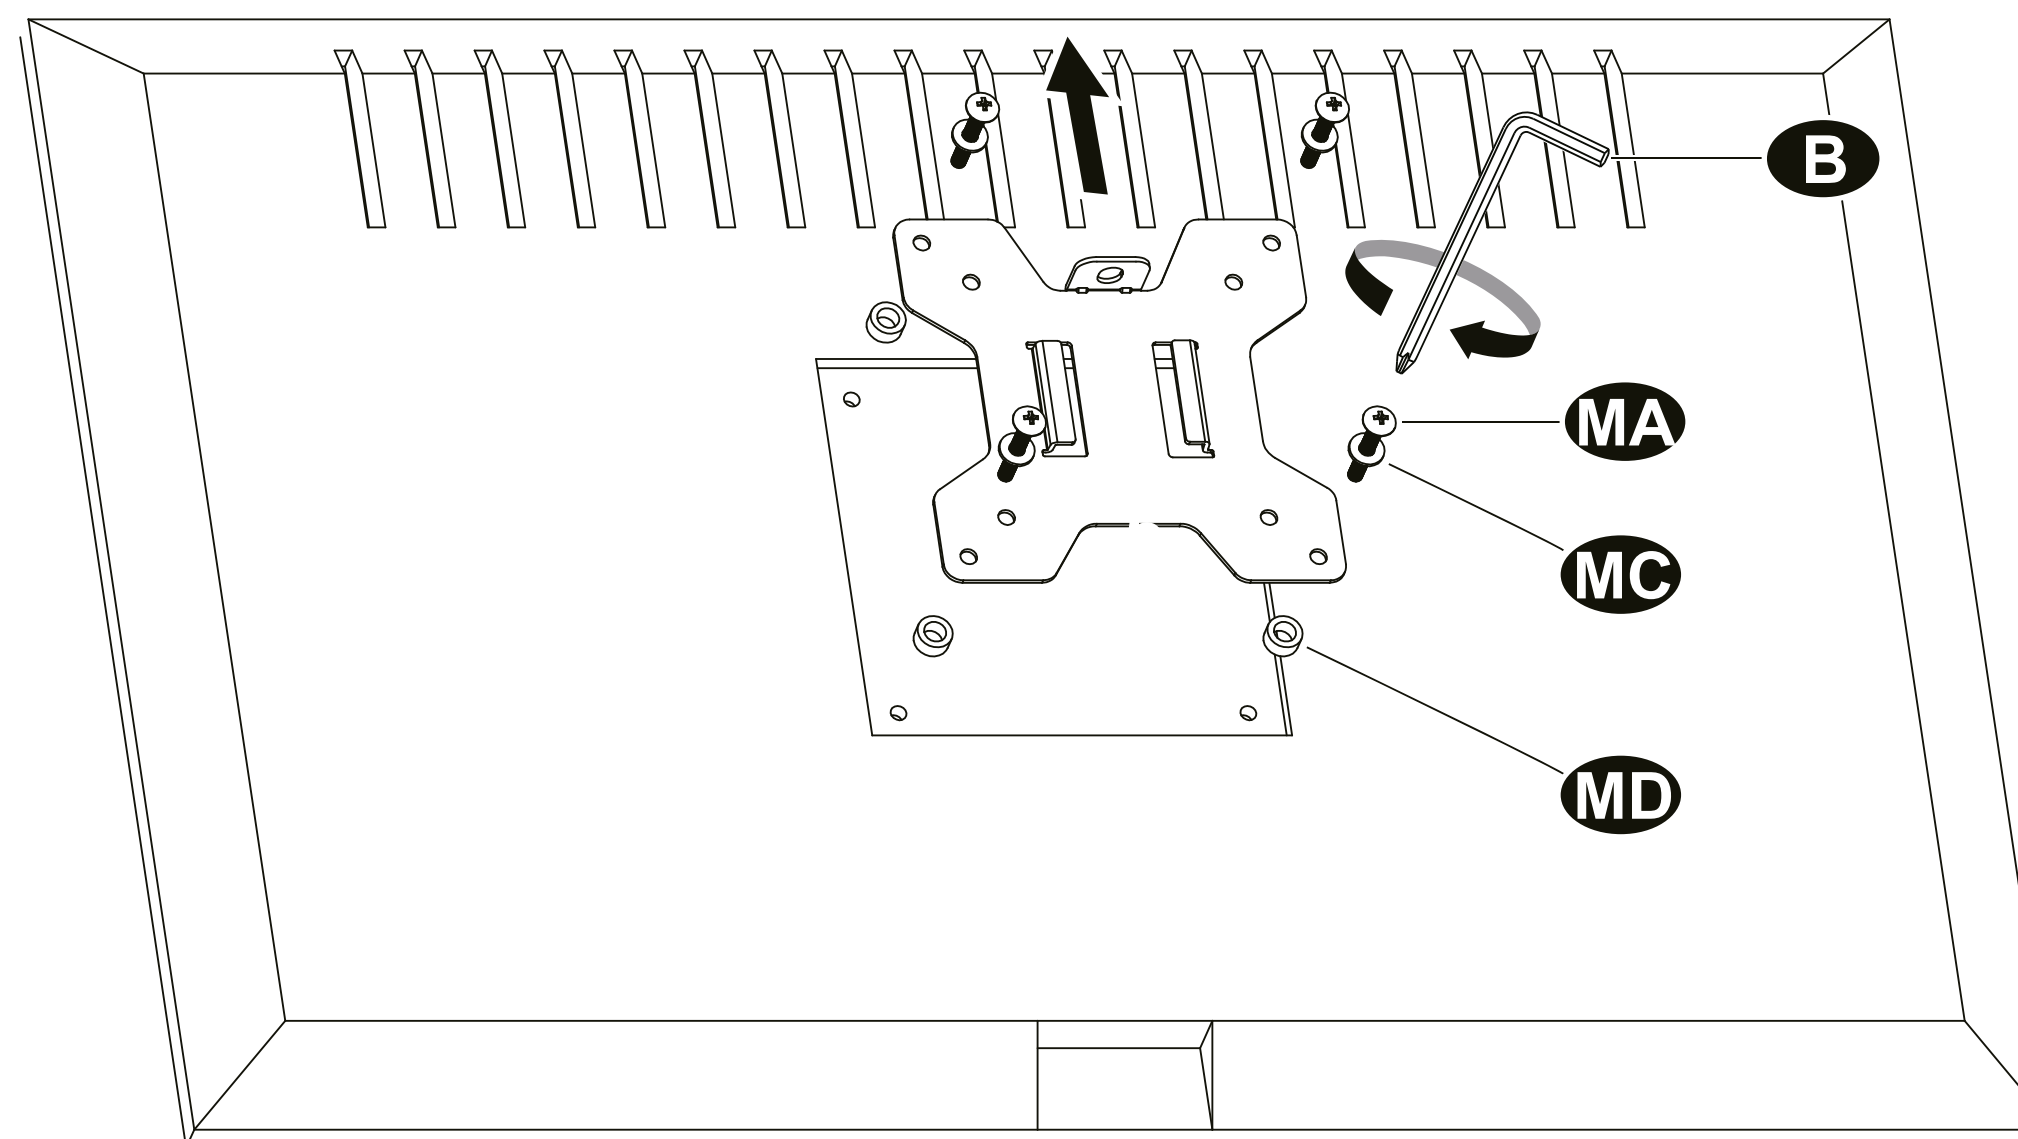

Conectar la placa VESA al monitor

Do not tighten the screws excessively or your monitor might be damaged.

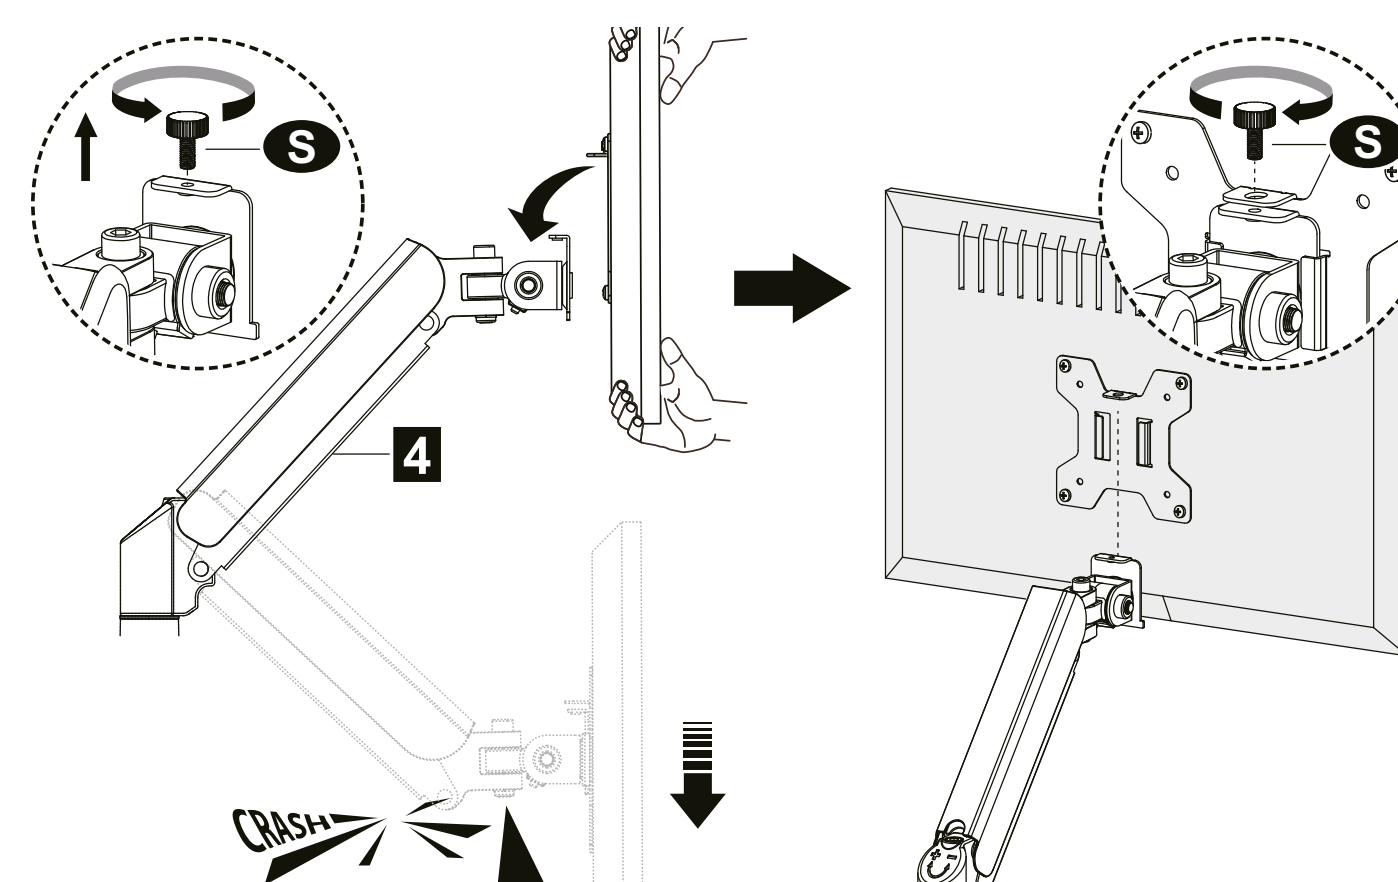

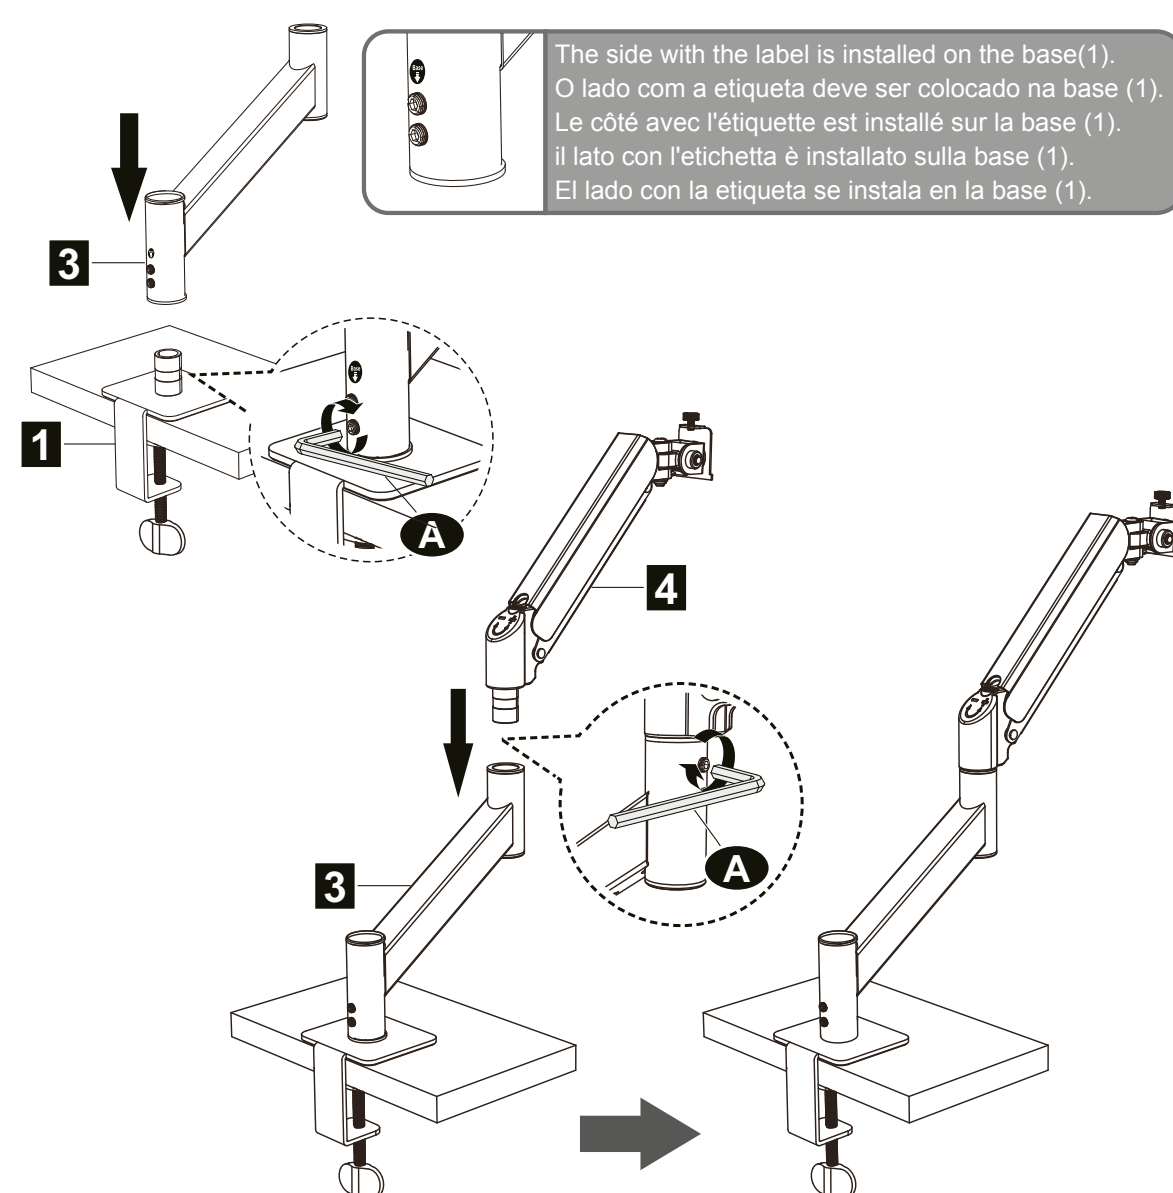

Top of Monitor

3

Instalación

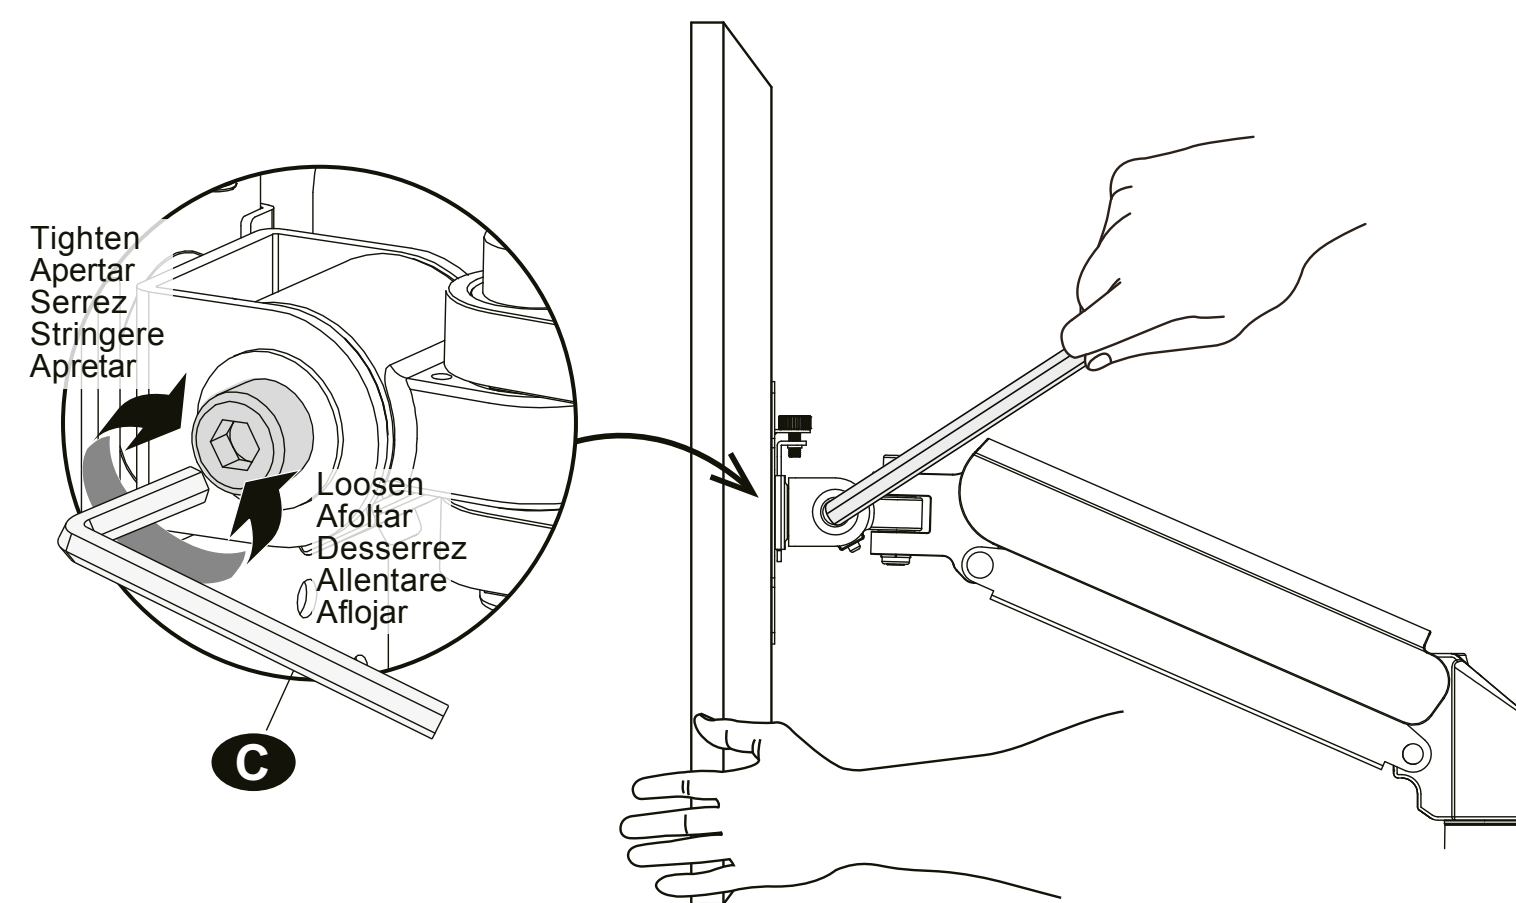

EN Install the lower arm (3) and the upper arm (4) to the base (1). Secure the arm by tightening the inside screw using 4mm Allen key (A).

Important Notice: The initial pressure value of the gas spring is set to a minimum value. So when the monitor is hung on, you need to hold it with both hands and leave the monitor in a slow and gentle way. DO NOT let it go down suddenly.

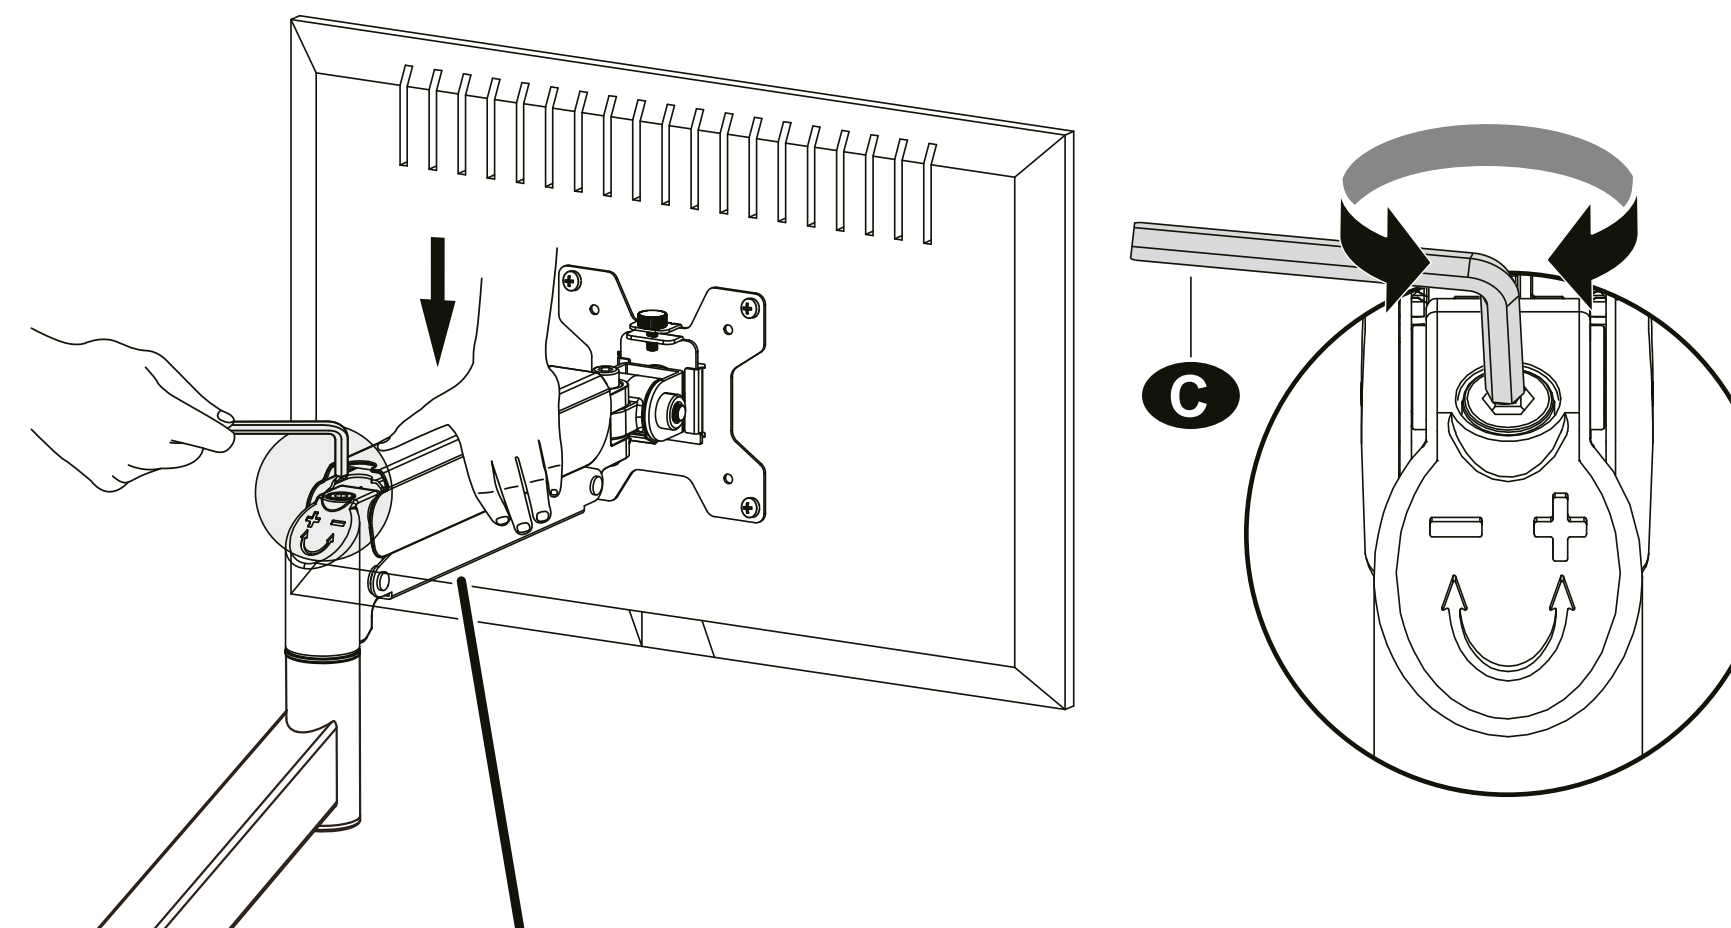

Instalación

Loosen the tilting bolt, then adjust monitor to your desired tilt angle. Finally retighten the tilting bolt.

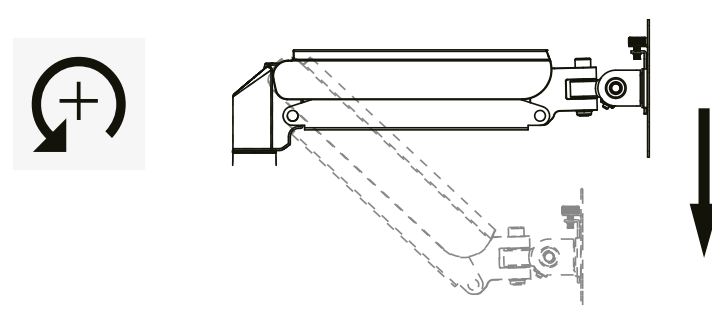

Tilt adjustment

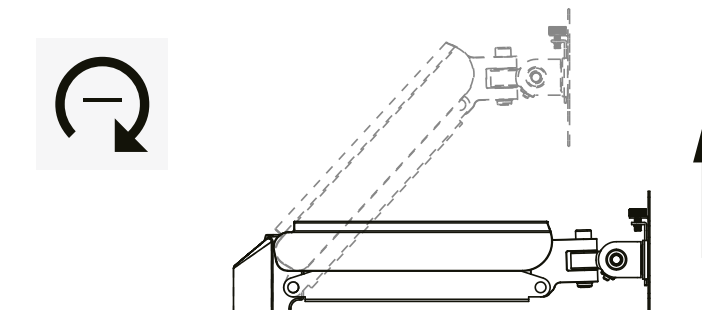

5

Note: Be sure to keep the arm in a horizontal position during adjustment.

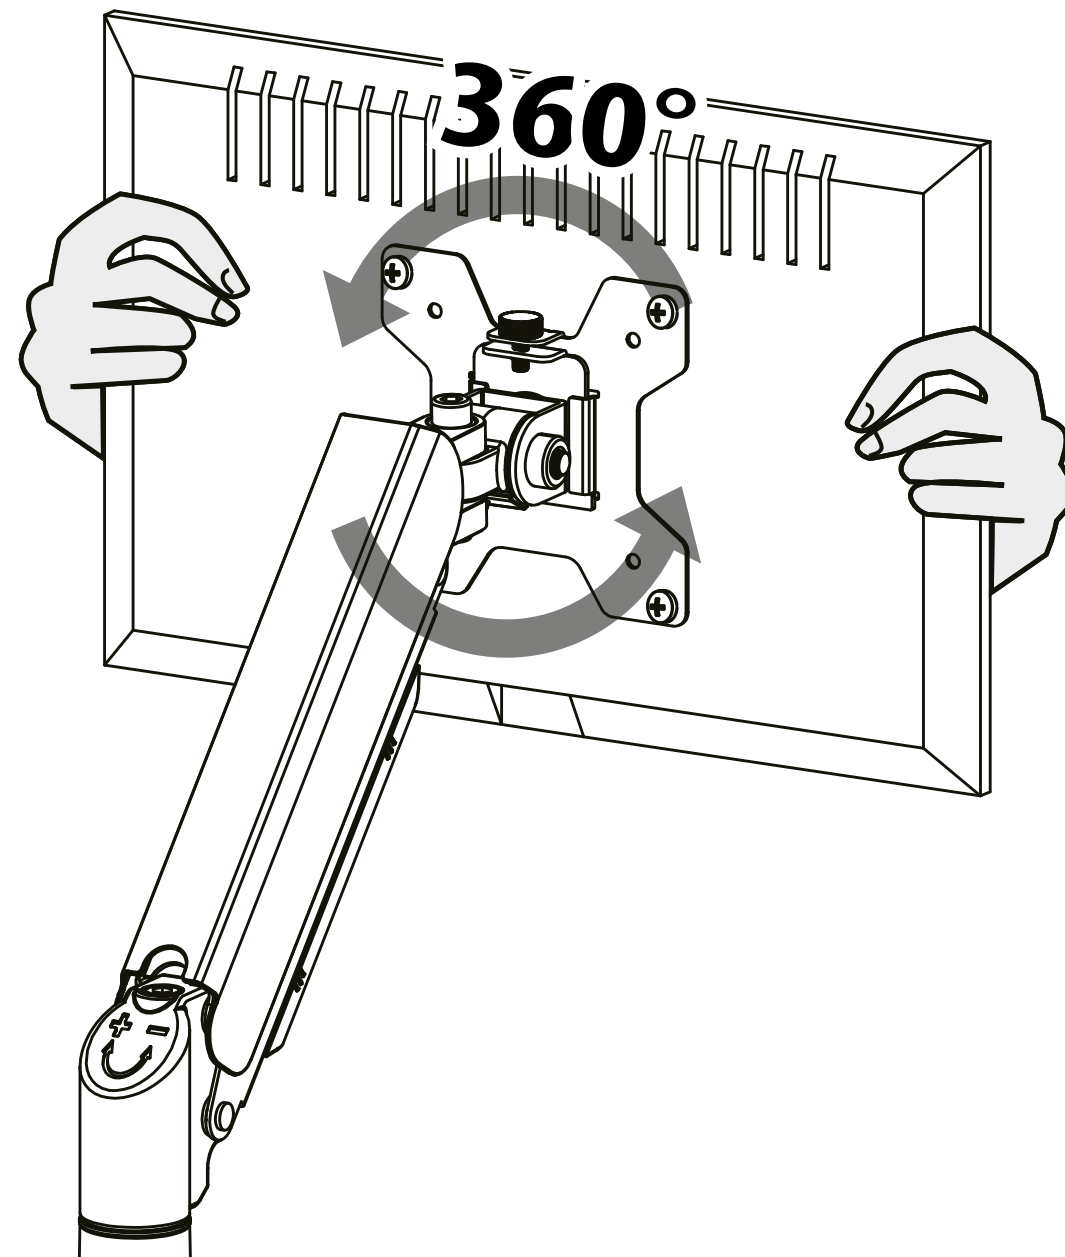

Situation 1: If arm is falling down
Solution: Turn the screw counterclockwise to increase tension.

Situation 2: If arm is rising up
Solution: Turn the screw clockwise to decrease tension.

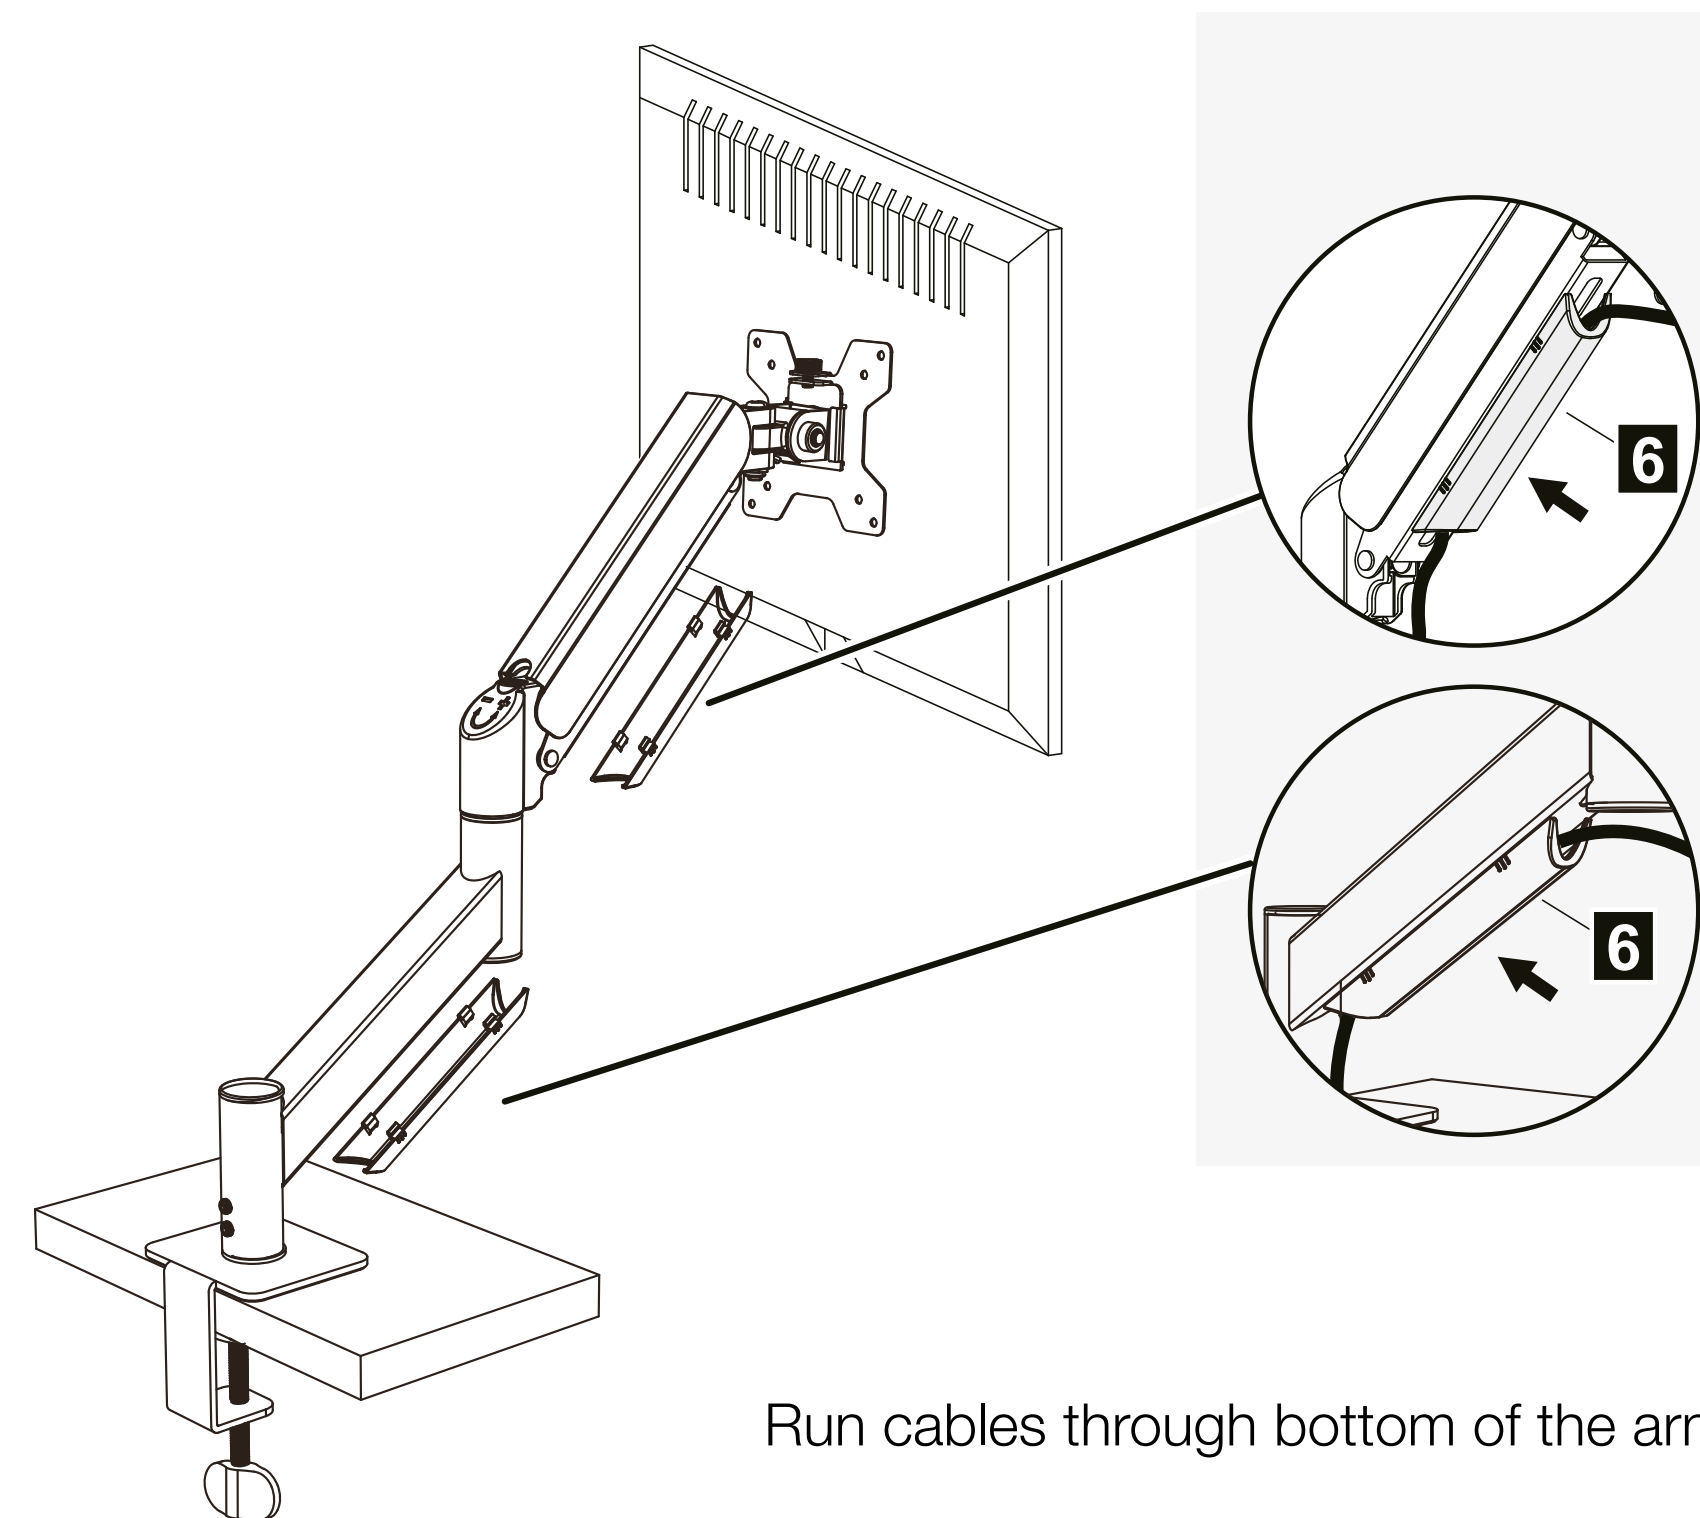

Adjustments

360° Rotation: rotate vigorously.

6

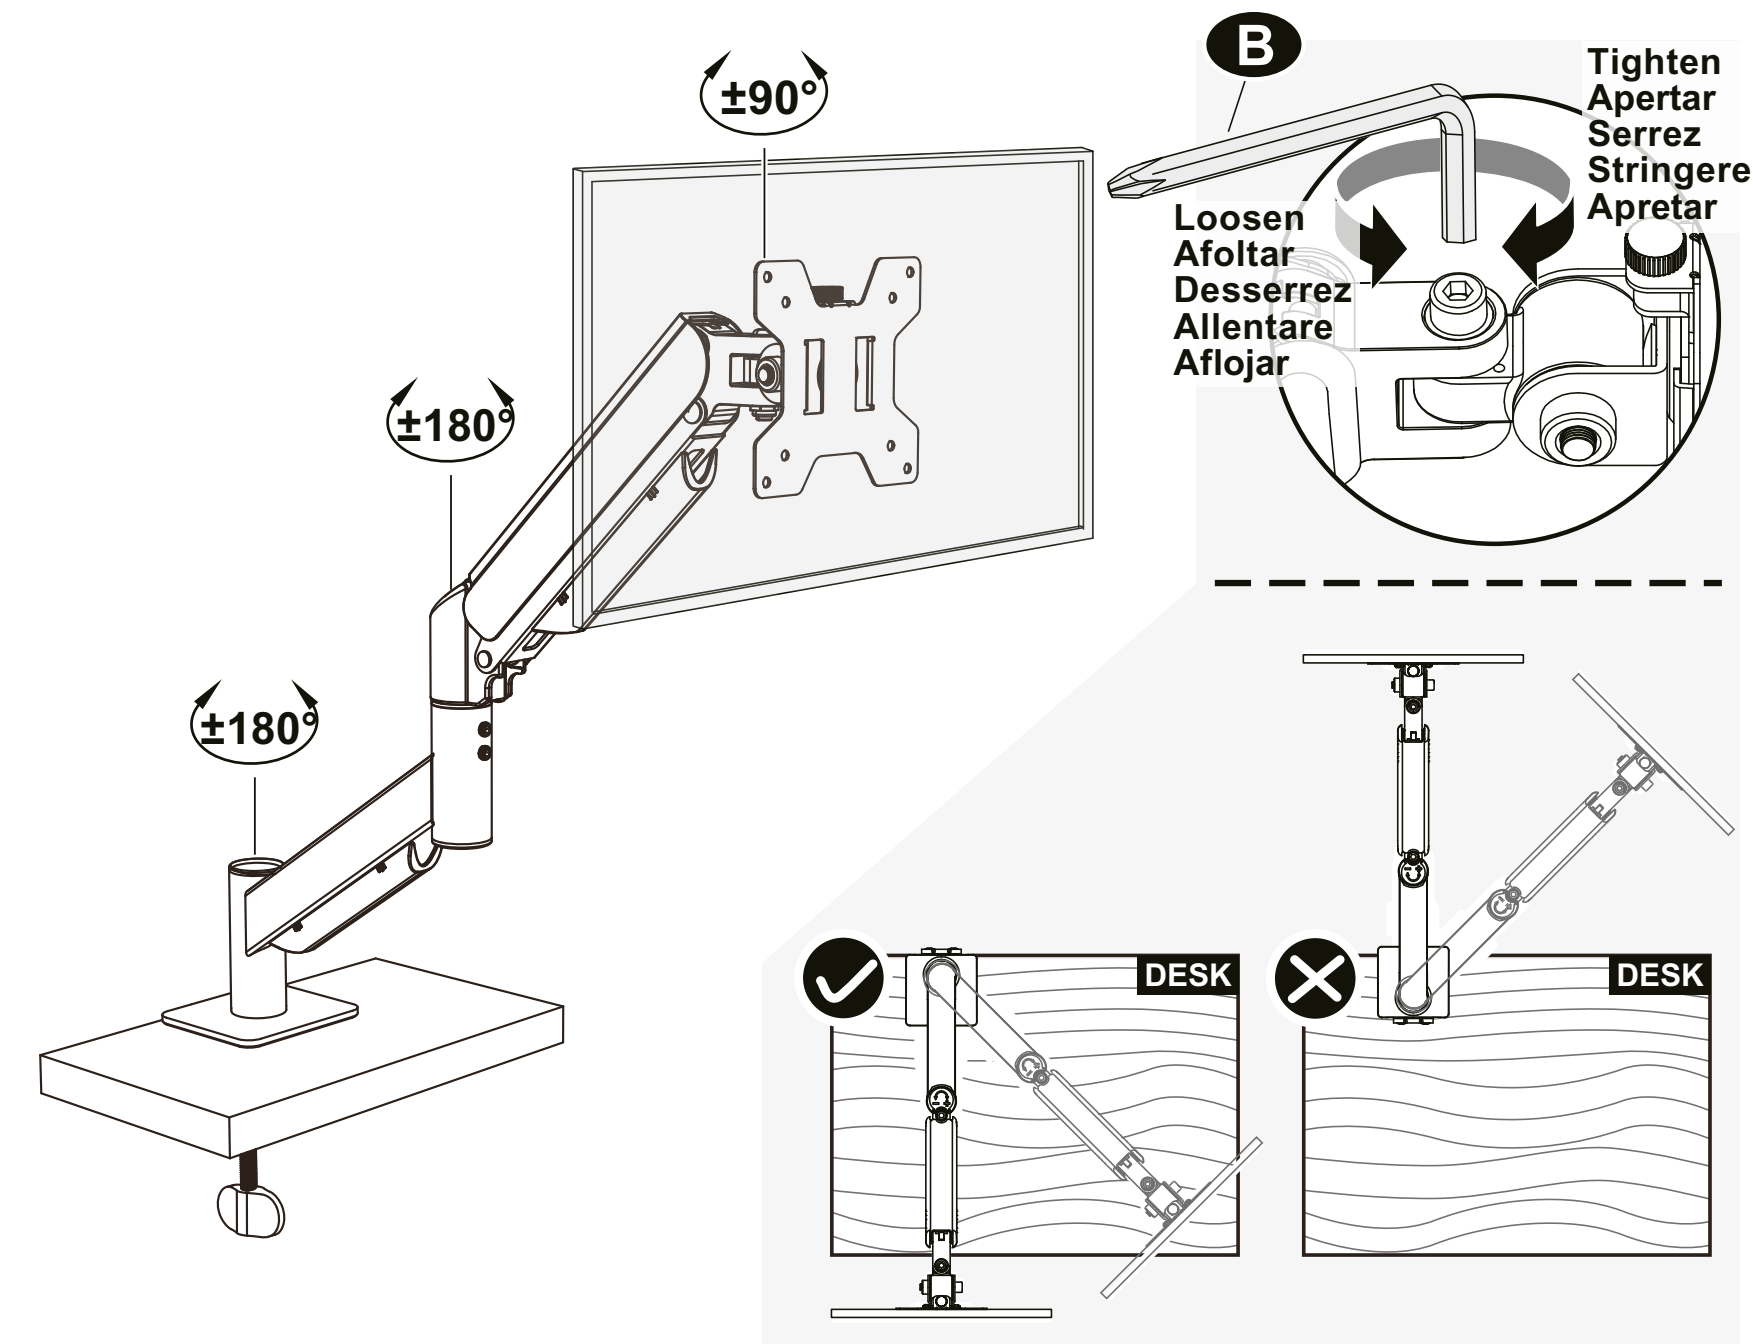

Cable management.

Run cables through bottom of the arm.

Instalación

Swivel adjustment.

Safety cautions

Before assembly

- Please check and make sure all necessary accessories are included and undamaged.
- Please read and understand this manual carefully before installation.

Warning

- This product contains small items that could be a choking hazard if swallowed. KEEP AWAY FROM CHILDREN UNDER 3 YEARS OLD. ADULT SUPERVISION IS REQUIRED.
- Improper installation, such as using the product for monitors over its load capacity or for capacity or for any purpose not explicitly specified, may cause damage or serious injury. We would not be liable for any damage or injury caused by improper mounting or inappropriate use.

Caution and maintenance

- Never allow children to climb, stand, hang or play on any part of monitor or stand.
- This product is intended for indoor use only. Using this product outdoors could lead to product failure and personal injury.
- Check that the bracket is secure and safe to use at regular intervals (at least every three months).
